

## Vaccination Clinics for Individuals with disabilities, families, household and staff

The Arc of Indiana County is excited to provide vaccination clinics for individuals with any disability, their family/household as well as their service provider employees. Individuals with disabilities had experienced various barriers to receive the vaccine and The Arc is looking to remove those barriers and provide a sensory sensitive, easily accessible location to receive the vaccine and provide a simple sign-up or walk-in clinic for everyone. All shots are available the day of the clinic to receive the 1<sup>st</sup> dose, 2<sup>nd</sup> dose or a booster. The vaccine will either be Moderna or Pfizer that day. **If you are interested you are encouraged to call the Arc (724-349-8230) to give your name, day and time if possible. Go to [www.arcindiana.org](http://www.arcindiana.org) for more information.**

**1<sup>st</sup> Clinic Dates: February 25, 2022 from 2pm – 6pm and Saturday February 26, 2022 from 9:00am – 1:00pm**

**Location: The Arc of Indiana County, 120 N. 5<sup>th</sup> St., Indiana Pa 15701. (Across the street from Holiday Beverage) For more information or directions call 724-349-8230 [mjordan@arcindiana.org](mailto:mjordan@arcindiana.org)**

The Arc is grateful with our partnerships with Mainline Pharmacy and Indiana United Way, and their efforts making these clinics available. More clinics will be offered in March, April and possibly May.
